Multimedia Requirement

We publish projects in multimedia format – including videos, images, GIFs, and others. The images should be high-resolution to showcase your project in the best quality. Each image should be at least 800px on the horizontal side.

We prefer as many images as possible, with a minimum of 6 – the more the better. Before or construction images of the project, sketches, and technical drawings for more engaging and relatable reader experience. Videos and GIFs can also be included in your submission.

Submitting the details

The **images, answers to the project questions and project credits** can be emailed to us via **publish@livinspace.net**, and if the file is too large to send it via mail, **you can use any file hosting service like Dropbox, Wetransfer, or Google Drive** to upload the files and share the link with us.
